## HAVE YOU HEARD THIS ONE?

It seems that there were a couple of Irish men named Pat and Mike, who had brilliant reputations as wits. Came the Christmas season, and try as they might, they could think of no original greetings. Finally, in desperation, they resorted to the old but always good one we send to you . . . MERRY CHRISTMAS!

This quotation from I Chronicles is the Golden Text of the Sunday Lesson—Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston: "Sing unto the Lord, all the earth; shew forth from day to day his salvation. Declare his glory among the heathen; his marvelous works among all nations." The question "Is the Universe, including Man, Evolved by Atomic Force?" is the subject.

A Scriptural citation in the Lesson—Sermon is from I Peter: "Wherefore gird up the loins of your mind, be sober, and hope to the end for the grace that is to be brought unto you at the revelation of Jesus Christ; . . . Because it is written, Be ye holy; for I am holy. . . . For all flesh is as grass, and all the glory of man as the flower of grass. The grass withereth, and the flower thereof falleth away; . . . But the word of the Lord endureth forever." Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "Every object in material thought will be destroyed, but the spiritual idea, whose substance is in Mind, is eternal. The offspring of God start not from matter, but of omnipotent mind. They are in and of Spirit, divine Mind, and so forever continue."

## Half Of Vets Seek Jobs From Other States

Nearly half of the veterans seeking jobs in this territory have neither lived nor worked here prior to the war.

This information is based on Committee for Economic Development estimates today after discussions with demobilization points, the veteran's service center, veteran representatives in the USIS, and personnel executives of organizations receiving large numbers of job applications.

With the increase in demobilization during the past two months, in-migrant veteran job seekers who have decided on Southern California as their future home increased approximately 10 per cent.

"In addition to supplying jobs for our own veterans," said Robert S. Donaldson, regional manager for CED, "we face the need of finding many new jobs for additional thousands of former servicemen and women."

"This can affect our area's economy favorably and may provide a valuable labor pool if

business and services can rapidly enough convert to peacetime pursuits and break "bottle-necks" hampering expansion. However, if a conversion and building are delayed, this immigration will become an increasingly serious problem." Donaldson also pointed out that housing shortages and other factors do not seem to deter those determined to live here.
